

1. The Millau Viaduct is present in

- (A) Germany
- (B) Spain
- (C) Italy
- (D) France

2. The inverted catenary in an arch is called?

- (A) the funicular line
- (B) the trabeated line
- (C) the fixed tension line
- (D) the line of abutment

3. A space frame is an example of

- (A) bulk active structure
- (B) form active structure
- (C) vector active structure
- (D) shear active structure

4. In which Indian city would you find the mosque with "Shaking Minarets"?

- (A) Hyderabad
- (B) Lucknow
- (C) Ahmedabad
- (D) Allahabad

5. Ancient Indus valley built forms are mostly based on:

- (A) Flemish bond
- (B) English Bond
- (C) Dove tailed bonds
- (D) Tongue and groove techniques

6. In regression technique, the main features are represented by;

- (A) variation in Chi square values
- (B) F or ANOVA tests
- (C) values of Pearson's coefficient
- (D) Dependent and independent variables

7. HDI indicators are:

- (A) Heating Ventilation and air-conditioning
- (B) Economy, health and education
- (C) Ecology, environment and landuse
- (D) Habitat, development and integral truth

8. The RIBA Royal Gold Medal 2016 has been awarded to

- (A) ZahaHadid
- (B) Frei Otto
- (C) Norman Foster
- (D) Toko Ito

9. The terms narthex and transept are associated with

- (A) temple complexes
- (B) Basilicas
- (C) an agora
- (D) a forum

10. In a reinforced concrete beam the two zones above and below the neutral axis are zones of

- (A) compression and tension
- (B) tension and compression
- (C) deflection and bending
- (D) shear and stress

11. The literal meaning of Feng-shui is:

- (A) house and its households
- (B) gender sensitiveness
- (C) efficiency of design
- (D) wind and water

12. A low or partial storey between two main floors is called:

- (A) basement
- (B) mezzanine
- (C) areaway
- (D) cellar

13. In survey and topographic sheets, informations are mainly from:

- (A) Earth sciences
- (B) Remote sensing techniques
- (C) Geomatics
- (D) Exploration Geophysics

14. The satirical magazine in Paris stormed by terrorists in January 2015

- (A) News of the week
- (B) Charlie Hebdo
- (C) Agencefrance-presse
- (D) Le monde diplomatique

15. Works of art that tells a story is called

- (A) functional art.
- (B) decorative art.
- (C) narrative art.
- (D) abstract art.

16. Limit State Design is used in:

- (A) Design of wooden Furniture
- (B) Plastic arts
- (C) Concrete Structures
- (D) AUTOCAD programs

17. 'Architraves' are used in:

- (A) Slab construction
- (B) Door framings
- (C) Coffered ceilings
- (D) Pergolas

18. A conical solid being cut may produce a

- (A) Spheroid
- (B) Ellipsoid
- (C) Cylinder
- (D) Frustum

19. The Great Stupa at Sanchi:

- (A) was a mound form invented to honor Confucius
- (B) was a Buddhist temple that was entered
- (C) includes depicting the lives of Indian sages
- (D) has representations of yakshas and yakshis as guardian figures

- (A) was the most typical style of seventeenth-century Italy
- (B) had symmetrical composition
- (C) avoided dramatic effects
- (D) was not well suited to autocratic Counter-Reformation rulers

27. Louis Sullivan's Wainwright building:

- (A) exposes the load-bearing, steel-frame construction
- (B) emphasizes vertical and horizontal articulation
- (C) is based on a column design concept
- (D) is the first skyscraper with no decoration

28. The classical Indian dance form of Bharatnatyam originated in

- (A) Manipur
- (B) Kerala
- (C) Odisha
- (D) Tamil Nadu

29. Mortise is complementary to:

- (A) Tennon joint
- (B) Butt joint
- (C) lap joint
- (D) dovetail joint

30. The lateral deformation produced in a body is called a

- (A) Shear
- (B) Bending
- (C) Compression
- (D) Tension

31. The name of Hippodamus is associated with

- (A) Antique Fashion Designing
- (B) Ancient Interior Designs
- (C) Ancient city planning
- (D) Medieval Architecture

32. 'University of Technology Petronas' designed by Sir Norman Foster was chosen for

- (A) Stirling prize
- (B) Aga Khan Award
- (C) AIA Gold Medal
- (D) Pritzker prize

33. Brightness ratio is between:

- (A) Lumens and luminance of foregrounds
- (B) Luminance of an object and its background
- (C) light loss factor and light gain factor
- (D) Work area and lumens factor

34. Volute is a

- (A) An abacus of a column
- (B) Semicircular fluting
- (C) Property of a helix
- (D) Spiral capital in a column

35. Faucet is a

- (A) Electrical equipment
- (B) Sanitary gadget
- (C) Mechanical part
- (D) Structural device

36. A Coffered slab floor is a

- (A) Beam free structure
- (B) Column free structure
- (C) Reinforcement free structure
- (D) Tension free structure

37. Brise-soleil as a modern architectural treatment is introduced by

- (A) Richard Mier
- (B) B V doshi
- (C) Frank Gehry
- (D) Le Corbusier

38. Which city is known as the 'Pink City' of India?

- (A) Bangalore
- (B) Udaipur
- (C) Jaipur
- (D) Jodhpur

39. A freestanding landscaped roof structure open on all sides is called

- (A) Pergola
- (B) Gazebo
- (C) Arbour
- (D) Topiary

40. a device that automatically responds to temperature fluctuations is called a

- (A) A Fly wheel
- (B) A Rheostat
- (C) A Thermostat
- (D) A circuit breaker

41. The rehabilitation of 'Tabriz Bazaar' has been completed recently. Where is it located?

- (A) Syria
- (B) Iraq
- (C) Iran
- (D) Turkey

42. Pargeting is

- (A) Fine ornamental plasterwork
- (B) Crude stuccowork
- (C) Mixed décor work
- (D) Riveted rendering

43. The names of Herbert Baker is associated with the City of

- (A) New Delhi
- (B) Chandigarh
- (C) Hyderabad
- (D) Bhubaneswar

44. Carnot Cycle is used in

- (A) Deforestation
- (B) Thermodynamic cooling
- (C) Eutrophication
- (D) Calcinations

45. A triangular diagram developed by Faber Birren in Arts is called

- (A) Colour wheel
- (B) Triangular texture
- (C) Vector montage
- (D) Hue matrix

46. Panchmahal, BulandDarwaza and Diwan-i-khas are parts of

- (A) Delhi Fort
- (B) Humayun's Tomb
- (C) BijapurDomb Complex
- (D) FatehpurSikri

47. The first Guggenheim museum is designed by

- (A) Frank Gehry
- (B) Mies Van der Rohe
- (C) Peter Keating
- (D) Frank Lloyd Wright

48. The Reformation in Northern Europe:

- (A) weakened papal authority
- (B) was not bound to political realities
- (C) was ignored by German princes
- (D) was a defeat for Charles V's rule

49. Balloon construction is a concept of

- (A) Project management
- (B) Facility planning
- (C) Building management systems
- (D) Modular housing

50. 'The Taj Mahal' was built by the Emperor Shah Jahan on the plan of

- (A) Sri Chakra
- (B) Kaballah diagrams
- (C) Chahar-bagh
- (D) Mausoleums

51. 'The Birth of Venus' painted by Sandro Botticelli, is located in

- (A) Uffizi Gallery
- (B) Louvre Museum
- (C) British Museum
- (D) American Museum of Natural History

52. Reverberation is a term mainly used by

- (A) Airport designers
- (B) Auditorium designers
- (C) Housing experts
- (D) Factory designers

53. Deconstruction of Architecture is borrowed from:

- (A) Musical movement
- (B) Literary movement
- (C) Art movement
- (D) Fashion Industry

54. Lalitagiri and Khandagiri are examples of

- (A) OrissanArchitecture
- (B) Chola Architecture
- (C) Pandyan Architecture
- (D) Bengal Architecture

55. Pasargadae Gardens belongs to ancient

- (A) Sumerian civilization
- (B) Hittites civilization
- (C) Persian civilization
- (D) Assyrian civilization

56. Both Chandigarh and Brasilia were

- (A) Designed with predominance of concrete-cast forms
- (B) Designed to demonstrate knowledge of classical antiquity
- (C) Related to their site in similar manner and patterns
- (D) Symmetrical renditions in exterior designs

57. The tallest dam in India is

- (A) Hirakud Dam
- (B) Sardar Sarovar Dam
- (C) Nagarjunasagar Dam
- (D) Tehri dam

58. Kyoto Protocol is related to

- (A) Climatic norms
- (B) Heritage structures
- (C) Seismic zones
- (D) Economic zones regulations

59. S-trap is an important shape in

- (A) Sanitary designs
- (B) Trabeated designs
- (C) Cable designs
- (D) Roof ventilation designs

60. The term Topology is mostly associated with

- (A) Climatic studies
- (B) Cartographic studies
- (C) Geomatics systems
- (D) Exploration Geophysics
